# INTRODUCTION

## Caribbean / USA / Europe / Latin America Bundles

The Caribbean/USA/Europe/Latin America LTE data bundles are designed for customers who want to travel extensively while connected to the best providers in each region. We've created a range of flexible and competitive 4G LTE-A data plans to meet everyone's needs. All of our data plans are competitively priced and provided through tier one carrier relationships, and are fully supported by our class leading service package. Flexibility is also provided to ensure that, whether you require a little or a lot of data, there's a cost effective option to meet your needs.
